### Introduction

A green campus is a place where environment friendly practices are followed to promote sustainable and eco-friendly environment. The educational institutions need to take responsibility and initiatives towards protecting the environment to sustainability

### Scope of the policy:

The policy on green campus includes the following aspects:

- 1 Clean campus & environment friendly campus initiative
- 2 Plantation and preservation of tree initiative
- 3 Plastic free initiative in the campus
- 4 Energy efficiency initiative
- 5 Creating awareness on environment friendly campus
- 6 Green audit, energy audit & environment audit initiative
- 7 Efficient waste management initiative

### Objectives of the policy

- 1 To protect and conserve the ecological systems and resources within the college campus
- 2 To ensure proper and efficient use of environmental resources like water, energy etc. to meet the present and future generations
- 3 To work on to create awareness and seek cooperation from all the stakeholders in respect of sustainable environment
- 4 To take initiatives to contribute towards conservation and protection of environmental resources
- 5 To create awareness among the staff and students to make use of public transport system for commutation where ever and whenever is possible

### Policies

- 15.1 College will create greenery in and around the campus of college by planting trees with the help of students and staff
- 15.2 Will protect and preserve the plants already in existence

- 15.3 Will motivate and promote the students and staff towards creating and protecting greenery
- 15.4 Will collect and dispose scientifically the e-waste generated in the campus
- 15.5 Will dispose off and decompose the waste generated in the campus by various Means
- 15.6 Will reduce use of paper at various levels by means of adopting digitization wherever possible
- 15.7 Will restrict on using plastics in the campus
- 15.8 Will organise seminars/workshops on green campus for students, staff and even for the general public
- 15.9 Will encourage the students and staff to use public transport system for Commuting to minimise carbon emission to the environment
- 15.10 Will make proper and optimum use of water to avoid wastage of natural resources
- 15.11 Undertake joint projects in association of Municipal corporation and NGOs for recycling of wastes generated in the campus
